

# Draft Community Pillars

## **NATURAL ENVIRONMENT**

*A state in which the demands placed on the natural environment can be met without reducing its capacity to allow living things to live well now and in the future.*

## **LAND USE**

*A state in which the community's land use meets community needs now and in the future.*

## **GOVERNANCE**

*A system of government which maintains the capacity and the resources necessary to function now and in the future.*

## **ECONOMY**

*A state in which the community's economy is able to generate prosperity now and in the future.*

## **COMMUNITY**

*A state in which the community's social and cultural traditions thrive now and in the future.*
