

Addendum No. 1

Bamber East Gravel Site Development (Multi-Year) Request for Quotations (RFQ) No. Q220516RMD

Notice of Site Access

1. Parkland County will allow all respondents access to the site to view the current conditions on:

Monday, June 27th from 11:00 AM to 12:00 PM

During this site visit, Parkland County will require all respondents to remain in their vehicles. Parkland County will not be responding to respondents' questions during the site visit as all questions regarding the RFQ must be submitted to the County Contact via email prior to the Deadline for Questions. If you plan to attend this non-mandatory site visit, please email the County Contact at natalie.germain@parklandcounty.com by June 23, 2022 at 4:00 pm.

Respondent Questions and Answers

2. **Is the Contractor responsible for the brushing and tree removal within the project area?**

The Contractor will not be responsible for the brushing and tree removal as the areas have been previously cleared.

3. **Can Parkland County provide any geotechnical information such as bore hole logs or site photos?**

Parkland County will provide the awarded Contractor with the geotechnical information.

4. **Can Parkland County provide a schedule for when the material in Provisional Item #1 is to be relocated?**

Inclusion of Provisional Item #1 in the final contract will be at the discretion of the County but would be completed in conjunction with the other items in Phase 1.

**** Acknowledgement of this Addendum is required in the Submission ****
