The County's revenue comes from a variety of sources. Non-residential property taxes provide for 28% of the \$167 million budget, while residential property taxes provide for 22%. The remaining 50% comes from lots of different places.

NOT EVERYTHING ON YOUR TAX BILL GOES TO THE COUNTY

It's true! Your property tax bill also includes taxes that the County is required to collect on behalf of the Provincial Government for education and policing services, as well as on behalf of seniors' living facilities such as Meridian Housing Foundation and Evergreen Foundations.

The amounts you pay for these services are not set by the County, and the County does not receive the funds collected for these purposes.

Check out this receipt to see exactly where your tax dollars are spent, and how much of your property tax bill goes to Provincial and other requisitions.
