PURPOSE

This policy acknowledges and provides standards for managing private encroachments on Designated and Undesignated County Lands and Rights-of-Way.

POLICY STATEMENT

County Lands are for municipal services and public use. Parkland County acknowledges that certain private encroachments may limit access to these lands for the benefit of specific individuals or groups. Such encroachments may create ongoing maintenance obligations. To effectively manage these responsibilities, Parkland County may, at its sole discretion and through reasonable acts, address encroachments on County lands through various means such as Encroachment Agreements, Letters of Consent, Licenses of Occupation, Lot Line Adjustments, or Notice of Removal.
