Policy Title	Charges to Oil and Gas Pipeline Companies for Pipeline Crossings of County Road Allowances	

Council Resolution No. 592-02 Date: November 26, 2002	GMOS	CC	Cross Reference AD 052	Effective November 26, 2002
--	------	----	---------------------------	--------------------------------

POLICY STATEMENT

Parkland County, being the road authority, is responsible for the operation and maintenance of the road system within the County. The County is required to accommodate pipeline and utility crossings of road allowances. Considerable staff time is required to provide inspection and administer crossing agreements for the crossing of road allowance by high-pressure pipelines. The policy authorizes the charging of a fee for the crossing of road allowances by high-pressure pipelines.

POLICY

Each application by an Oil or Gas Pipeline Company to cross a road allowance with a high-pressure pipeline shall be required to submit a fee in the amount set out in Fees and Charges Policy AD 052, for each road allowance crossed.

Note: All Gas Co-op facilities and the low-pressure facilities of Atco Gas are exempt from this policy.
