

Municipal Lands and Reserves

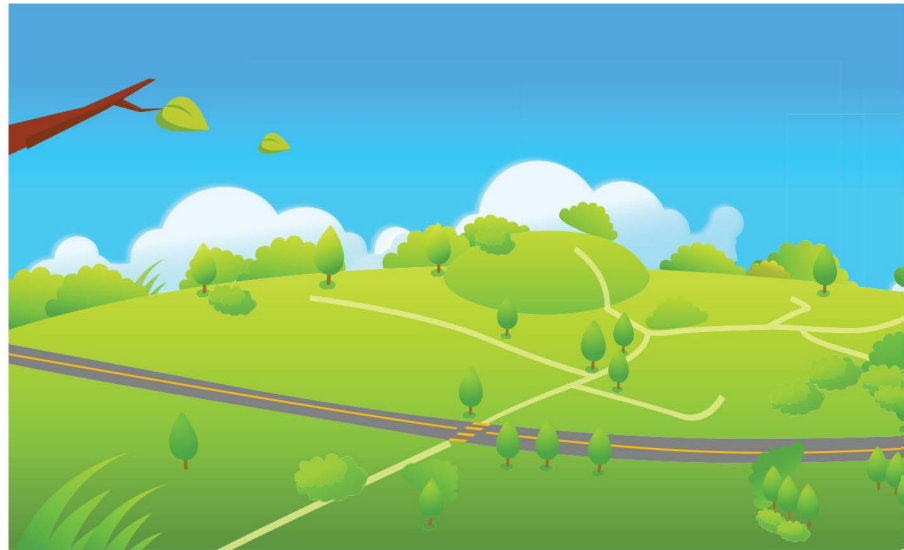

What is an **ER**?

Environmental Reserves (ER) are lands considered essential to the protection of the environment. ER lands are usually located next to bodies of water such as streams and lakes and provide access to water bodies

What is an **MR**?

Municipal Reserves (MR) are lands that may be utilized for community and recreational purposes, public parks, or as a green space.

What is the purpose of **Bylaw 2023-15**?

The County is directed by policy to acquire, manage and dispose of lands in an efficient, transparent and responsible manner aligning with the Municipal Government Act. The Use of County Land Bylaw 2023-15, as amended April 2024, regulates the conduct and activities of people on municipally-owned lands to ensure the safe, enjoyable use and protection of lands.
