BY-LAW NO. 29-89
COUNTY OF PARKLAND NO. 31

BEING A BY-LAW OF THE COUNTY OF PARKLAND NO. 31 GOVERNING THE CONNECTIONS OF BUILDINGS TO WATER SYSTEM.

WHEREAS pursuant to the provisions contained in the Municipal Government Act, Chapter M26, R.S.A 1980, as amended, Council may by by-law direct that the owner of any building situated on lands abutting any street or public place wherein there is a water main, connect to that water main; and

WHEREAS it is desirable and in the best interests of the County that a by-law be passed requiring that each owner of such a building shall install in that building connection(s) with the water main; and

WHEREAS pursuant to the provisions contained in the Municipal Government Act, Chapter M26, R.S.A 1980, as amended Council may by by-law regulate and control the use of wells, springs and other sources of supply of water for the municipality; and

WHEREAS it is desirable and in the best interests of the County that a by-law be passed requiring that permission be obtained to allow the use of a well as a source of supply of water where a building is situated on lands abutting any street or public place wherein there is a water main;

NOW THEREFORE the Council of the County of Parkland No. 31 duly assembled enacts as follows:

1. The owner of any building that is intended to be serviced with water, and that is situated on land that is servicable from a water main shall install, in the building, connection with the water main and shall install any apparatus and appliances required to ensure the proper sanitary condition of the building and premises.

2. If the owner fails, neglects or refuses to install, in the building, connection with the water main and any apparatus and appliances required to ensure the proper sanitary condition of the building and premises Council shall notify the owner to complete such installation within the period of time fixed by the Council.

3. If the owner fails, neglects or refuses to do so within the period of time fixed by the Council in their notification, the municipality may enter on the land and building, erection or structure concerned, and make the connection and charge the cost thereof against the land, building, erection or structure concerned in the same manner as taxes and with the same priority as to lien and to payment thereof as in the case of ordinary municipal taxes.

4. In buildings located on land serviceable from a water main, no well or other source of water except the water main shall be in use for consumption in the County without permission being obtained from the County for that purpose. No such permission shall be granted unless the supply of water obtainable from such water main is proven, by the owner of the building, to the satisfaction of the County, to be inadequate.
