# CAPITAL INFRASTRUCTURE PROGRAM 2026-2029

Presented as Part of the 2026 Budget  
November 2025

[PARKLANDCOUNTY.COM](https://www.parklandcounty.com)

## Welcome to Parkland County's Four Year Capital Infrastructure Program!

Published annually as part of the budget process, this document outlines and maps the four year plan for major capital works across Parkland County. The Capital Infrastructure Program includes both new and rehabilitation projects in the following asset categories:

- Roads,
- Bridges,
- Water,
- Wastewater, and
- Stormwater

The 2026 program was approved by Council in November 2025 as part of the 2026 budget process. The subsequent years forecast upcoming capital projects in the Capital Infrastructure Program which are reviewed and re-prioritized annually as new information is collected and analyzed.

The Bridge Program is included in the book for information but will be presented to Council to be approved in summer 2026 following provincial funding confirmation.

Currently active projects can be followed at <https://yourparkland.ca/> and you can sign-up to receive updates on projects that you are interested.

If you would like more information about Parkland County's Capital Infrastructure Program, please contact Engineering Services at 780-968-8445 or [engineering@parklandcounty.com](mailto:engineering@parklandcounty.com)
